Cinderella Hair would like to introduce you to their brand new unisex product, PARTICLES. The unrefined hair building fibers which instantly provide the confidence boost you have been searching for, to discreetly but effectively hide balding patches and thinning areas of your hair.

PARTICLES is set to be a product that revolutionises the hair cosmetic industry without the need of any medical procedures, simply by the way it has been designed. It works with natural hair, and is able to achieve your desired look from anywhere, instantly. Furthermore, PARTICLES is a unisex product.

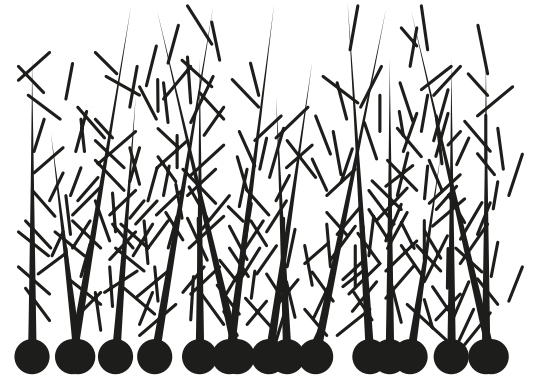

When PARTICLES is applied to the area of your hair where you feel needs some recognition, the fibers attract to your natural hair much like a magnet, allowing you to have an instantly fuller and thicker full head of hair which will last the entire day, whatever situation may occur, until washed with shampoo with minimum effort.

The PARTICLES colour collection ensures you can find the correct colour for your natural hair to create the perfect coverage.

PARTICLES is almost effortless to apply to your natural hair to achieve the instant fuller look you have been searching for. Simply shake the fibers onto your dry hair in the balding or thinning areas you feel needs the most attention, gently pat your hair to disperse the fibers and within a matter of seconds your confidence is restored.

PARTICLES Firm Holding Spray has been developed to compliment PARTICLES Hair Building Fibers, by ensuring that your hair building fibers remain in place throughout the day.

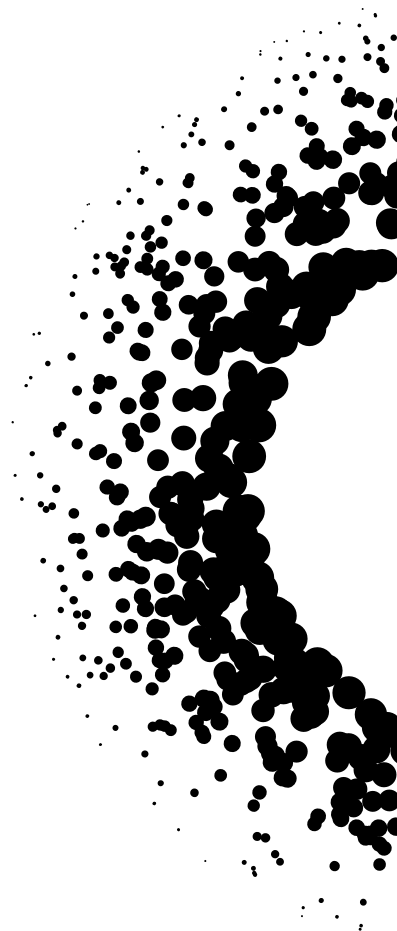

PARTICLES Firm Holding Spray is to be used in the areas you have applied PARTICLES Hair Building Fibers to, this will ensure longer lasting results and won't leave your hair feeling stiff or rigid.
